

# Technical Specification Sheet

## GCFS24CSE Cyclone Feed System

Technical Description	
Pump Type	Centrifugal Slurry
Motor	Electric
Power requirements	3 Phase 415V 50Hz
Maximum flow rate	24m <sup>3</sup> /hr
Operating Pressure	0.5 to 4.5 Bar
Feed Hopper	650L
Electrical Standard	IP66
Features	
Integral pressure gauge & flow control valves	
Continuous mixing of pulp in the feed hopper	
Installed on a steel mounting frame
